Rift Valley Resources Limited (ASX: RVY) ("**Rift Valley** or the **Company**") is pleased to announce that after long and protracted negotiations with the Tanzania Government and illegal miners, a solution has been found for all parties to move forward in a peaceful and legal manner.

The resolution means that Rift Valley will have:

- Full access to the property, including exploration activities.
- Rift Valley will be issued with new prospecting licenses granted replacing the existing Retention licenses.
- All artisanal miners have been removed from the property.
- Full co-operation from the Regional commissioner.
- An established process to resolve any future issues with artisanal miners.

Geoff Gilmour Managing Director of Rift Valley said "this is a significant event for the Company, it allows Rift Valley to commence a drilling campaign at Kitongo"

The board would like to thank Bartholomew Mkinga our Country Manager for his efforts in negotiating an outcome.

A drilling program is being finalised, a release will be made on the commencement of drilling.
